V. Documentation Requirements

The documentation requirements outlined below must be submitted with your claim form. Your claim submission will not be considered valid until all documentation requirements are received. Please note that one single document may meet more than one requirement.

Any documentation provided **must** include the claimant's name and address or account number.

Appropriate documentation to support your claim includes:

- **Trade Confirmation** - Trade confirmation slips showing the trade date, quantity, price per security and net amount of the transaction are acceptable forms of documentation to support your purchases and/or sales.
- **Official monthly, quarterly or year-end broker statements** - Monthly, quarterly or year-end statements provided by your broker listing your transactions are sufficient to prove purchase and sale transactions so long as the necessary information for that transaction is included, such as the trade date, quantity and price paid or received for each security, and the total amount paid or received for each transaction. These statements may also be used to support the quantity of securities held after the class period has ended. On your claim form, these will be listed as Unsold Holdings.

Please Note: The Claims Administrator, Class Counsel or the Court reserve the right to request additional information or documentation.

Spreadsheets, charts, tax forms, handwritten information, and other documentation prepared by the claimant are not considered adequate supporting documentation.

1. DULY COMPLETED CLAIM FORM

Each section of the Claim Form must be fully documented to be considered eligible. This includes all purchase transactions, all sales transactions, and those securities remaining unsold after the end of the class period.

- You must complete the *Claimant Identification* section, (Section A on page 2) and the *Claimant Certification and Privacy Statement* section (Section F on pages 11 and 12).
- The claim form must be signed by an authorized signatory who is also listed on your signature verification document and state the capacity (job title) of the signatory.
- You must submit one (1) claim per account.

2. SIGNATURE VERIFICATION DOCUMENT

- If you are an institution or claim preparer filing on behalf of client/customer or proprietary accounts (i.e., not an individual claimant), you must provide a document verifying that the individual who signed the claim form and any supplemental documents is authorized to sign on behalf of his/her company. Some common types of documents that fulfill this requirement include the following (this list is not exclusive and non-US entities may have different documents that fulfill this requirement. If you are a non-US entity, you must submit an equivalent document):
 - Copy of company's By-Laws, including signature page(s)
 - Copy of company's Corporate Resolution, including signature page(s)
 - Notarized Affidavit signed by an officer of the institution clearly granting a specific individual(s) authorization or confirming his/her authority to sign on behalf of his/her company.

3. DATA VERIFICATION DOCUMENT(S)

- If you are an institution or claim preparer filing on behalf of client/customer or proprietary accounts (i.e. not an individual claimant), you must provide a notarized affidavit or signed letter on firm letterhead which meets the below criteria:

 - Attests to the truth and accuracy of the transactions and holdings on your electronic file
 - Is executed by an authorized signatory who is listed on your signature verification document, and specifies both the capacity and contact information of that signatory.

4. AUTHORIZATION DOCUMENT (IF FILING ON BEHALF OF CLIENT OR CUSTOMER ACCOUNTS)

- If you are an institution or claim preparer filing on behalf of client/customer accounts (i.e. not an individual claimant), you must provide a current document verifying that you are authorized to file and sign claims on behalf of your clients.¹ Some common types of documents that fulfill this requirement include the following (this list is not exclusive and non-US entities may have different documents that fulfill this requirement. If you are a non-US entity, you must submit an equivalent document):

It must be executed by an officer of the company who is also listed on your signature verification document and reference the capacity and contact information of the signatory.

ADDITIONAL DOCUMENTATION (IF REQUESTED) - DATA INTEGRITY AUDIT

The Claims Administrator may request random entities, as deemed appropriate by Epiq, who file claims electronically to provide documentation to support certain transactions and/or holdings in specific claims. This data integrity audit is designed to verify the overall integrity of a data file. Accordingly, the documentation provided must be independent in nature and sufficient to verify the validity and accuracy of the entire data file.

Even if you provided a letter/affidavit attesting to the truth and accuracy of your data when initially submitting your file electronically, we will **require** specific documentary evidence (trade confirmations, monthly statement, or equivalent) to independently verify the details of the transactions and/or holdings requested, if your file is selected for a data integrity audit.

FAILURE TO COMPLY WITH THIS AUDIT REQUEST WILL RESULT IN THE REJECTION OF ALL CLAIMS ON YOUR SUBMISSION

VI. Electronic Filing Notes

ADDRESSES

- Claims and checks (if the claim is eligible) will be created based on the account and address information provided on your electronic file.
- If you require checks to be made out directly to the beneficial owner but still sent to your company, please include a “c/o” before your company name in column B of the File Summary tab on your file.
- If you require checks to be mailed to some other party (i.e. directly to the custodian bank for each account or directly to the beneficial owner), please **contact us** for additional details about the proper electronic file layout to accommodate your request.
- For foreign addresses, the two-character country code must be provided in column H, all address information (including full country names and provinces) must be included in the two address fields (columns C-D), and the city, state, zip fields (columns E-G) must be left blank.

SECURITIES

- All transactions and holding positions **must** reference an appropriate security identifier (CUSIP) in column E of your tab *Common Shares Transactions Info* and Column F of your tab *Notes Transactions Info*.
- All securities for each account must balance. This means that the beginning holdings plus purchases (including free receives) during the Class Period **MUST EQUAL** total sales (including free deliveries) during the Class Period plus the ending/unsold holdings.
- Negative values may **only** be given for beginning (transaction type B) and ending/unsold holdings (transaction type “U”). All other transactions **must** reflect positive values.

TRANSFERS

Free receive/free deliver (transfer in/out) transactions are considered deficient unless you have additional information regarding the original purchase(s) from the prior account or the ultimate sale(s) or ending holdings from the subsequent account.

If you have this information, you must combine or amend your accounts as follows:

- ❖ Shares Received into Account – Provide the original purchase of these shares from the prior account rather than the “free receive” transaction.
- ❖ Shares Delivered out of Account – Provide the sale(s) and/or ending holdings from the subsequent account rather than the “free deliver” transaction.

If you have no information available on the original purchase/subsequent sale, you must provide the free receive/deliver transactions in their respective claim(s) for **balancing purposes only**. A free receive or transfer in must be reflected as a transaction type “R” and a free deliver or transfer out must be reflected as a transaction type “D” (prices and net amounts must be zero).
